Gazipasa is 50 km of coastline, cozy sandy beaches and small bays, Taurus Mountains, strewn with revitalizing pine needles.

It is so good, safe and calm here that the banks of Gazipasa have chosen the Caretta-Caretta sea turtles for their nests! The population of the city is 60,000, there is no busy traffic on the streets. One of the few cities in which the coast is not completely filled with hotels. Farm products straight from the garden – a lot of greenhouses and plantations! There is not a single industrial enterprise in Gazipasa, so this area is considered one of the cleanest in the whole country. Gazipasa Marina will be a safe transfer point for cruises and a source of renters for you! Soon Gazipasha-Anamur will become the most attractive tourist route on the Mediterranean coast.
