VIA MAR Residence Kargicak Alanya Antalya Turkey

Kargicak Alanya Antalya

36.455694, 32.1368449

Exclusive project from Leto Invest:

The stunning residential complex "VIA MAR RESIDENCE" is located in the most comfortable and ecologically clean area of Alanya – Kargicak. The symbol of luxury living on the first line of the Mediterranean.
The amazing atmosphere of the seaside is relaxed and pacifying, filled with contemplation of shades of azure. A light breeze will bring freshness and coolness on hot summer days. A mixture of the purest mountain and sea air with a hint of the scent of the coastal citrus gardens, magnificent panoramic views of the famous Mediterranean sunsets and sunrises, the landscapes of the Taurus Mountains, shrouded in pre-dawn fog, and the inviting evening lights of the famous Alanya fortress.
A place where you will truly enjoy living a measured life with comfort, convenience and safety.
The premium class complex with the infrastructure of a five-star hotel and spacious apartments consists of two 5-storey blocks with a total area of 6,852 m2. It is located 30 meters from the equipped promenade, sandy beaches, a popular fish restaurant and a park-type recreation area.
The best investment project in the region, as only high quality materials are used during construction. When designing, we took into account not only all the latest requirements for architectural and design standards and novelties of the construction industry, but also analyzed the opinions and wishes of customers for high-quality and full-fledged rest or living in sunny Alanya. There are some social benefits that allow you to enjoy luxury in the bosom of nature at any time of the year, which in turn provides a high and guaranteed constant rental income. All apartments from the 2nd floor have a sea view!
