Discover the Ancient World in Alanya!

The NSM Real Estate&Construction company is starting construction of a new project, which is a continuation of the Arcadia cycle on the Mediterranean coast. ARCADIA ANTIQUE project is a boutique complex with an unobstructed view of the ancient city of Naula in the center of the most popular Mahmutlar district. The view of the ruins where Pompey stayed 1,000 years ago and the social infrastructure of the 21st century will be the inspiration for every future resident of this complex.

Description of the area:

Mahmutlar is located between Kestel and Kargicak districts.

140 km from Antalya

15 km from the city of Alanya

35 km to GaziPasha International Airport.

The area is along the Mediterranean Sea. And it is located between the sea and the Taurus mountains. Mahmutlar has been the most popular area among immigrants from the CIS countries for many years. Real estate in Mahmutlar attracts both lovers of high-rise buildings as well as low-rise luxury complexes. It is in Mahmutlar that the unique atmosphere of the resort town is created due to the abundance of new luxurious residences, restaurants, cafes and bars for every taste. The developed infrastructure and picturesque mountain landscape make Mahmutlar a very attractive area for foreigners.

Why choose our project?

Unobstructed panoramic view from each apartment on Naulu, the heritage of Alanya!

This project is the most profitable investment. The best price at the initial stage of construction.
